Following publication of the above paper in African Invertebrates in January 2025, it was brought to my attention that the series of photographs of *Rukuluk gramineus* sp. nov. were incorrectly attributed to Ruan Booysen; the correct photographer was, in fact, Rudolph Steenkamp. As such, the following correction to the figure legend should be made, with my sincere apologies:

Original

Figure 1. General habitus of live *Foordana distincta* sp. nov., female from Komani, Eastern Cape (**A–C**), *Namaquella arida* sp. nov., male from Akkerendam Nature Reserve, Northern Cape (**D–F**), and *Rukuluk gramineus* sp. nov., female from Witsand Nature Reserve, Northern Cape (**G–I**) **A, D, G** dorsal view **B, E, H** anterior view **C, F** lateral view **I** dorsolateral view. Photos by Ruan Booysen.

Corrected

Figure 1. General habitus of live *Foordana distincta* sp. nov., female from Komani, Eastern Cape (**A–C**), *Namaquella arida* sp. nov., male from Akkerendam Nature Reserve, Northern Cape (**D–F**), and *Rukuluk gramineus* sp. nov., female from Witsand Nature Reserve, Northern Cape (**G–I**) **A, D, G** dorsal view **B, E, H** anterior view **C, F** lateral view **I** dorsolateral view. Photos by Ruan Booysen (**A–F**) and Rudolph Steenkamp (**G–I**).
